

Mahatma Gandhi

By

Kimberly Baltazar

Mahatma Gandhi

The one who taught the world about simplicity

Love, God, and truth

The one who fasted for justice

Justice for all

The one who dedicated his life to the cause

Mahatma Gandhi

Who said, "Be the change you want to see"

And it's true be the change

And that change will set you free

Free to express your opinion

To go ahead and think one out of a million

Free to express your religion

And to be the difference in your region

Mahatma Gandhi

His story is told today

To express the great change he made

To show if one person wants

He or she can make the ground revolve

It only takes a hand, thought, or opinion to express

That sometimes you are the hero in your city or state

Mahatma Gandhi

The spiritual leader that impacted my life

And taught me to be the warrior

That stands up to fight the war
